

CALOGEN

A ready-to-use, energy dense, protein-free, long chain triglyceride fat emulsion.

FEATURES

- **Energy dense (4.5kcal/ml, 135kcal per 30ml shot):** to support patients with high energy requirements and/or fluid restriction.
- **Can be used alongside other ONS[^] and/or usual diet:** to support energy intake when usual diet is not enough to meet requirements.
- **Can be administered as a low volume energy supplement or energy enhancer in tube feeds.**
- **Suitable for dispensing as a shot-style ONS[^] during medication rounds:** for improved ONS[^] compliance compared to standard multi-nutrient ONS[^].¹
- **No Added Protein or Fibre:** suitable for individuals requiring protein and/or residue restricted diets.
- **Can be mixed into foods and fluids:** for patient convenience and variety.
- **User-friendly bottle:** ergonomic plastic bottle, with resealable easy to open cap.

Indications

For the dietary management of:

- Disease-related malnutrition.
- Patients with high energy requirements.
- Patients with a poor compliance to standard multi-nutrient ONS[^].
- Patients requiring a fluid or volume restriction.
- Patients requiring an electrolyte and/or mineral restriction.
- Patients requiring a protein restriction.
- Patients requiring a residue restriction.

Important Notice

- Not suitable as a sole source of nutrition.
- Not for parenteral use.
- Not suitable for patients with galactosaemia.
- Use with caution in children under 6 years of age.
- Flavoured Calogen (strawberry) is not suitable for infants and children under 3 years of age. Product may need diluting in patients under 5 years of age.
- Neutral Calogen may require dilution for use in patients under 5 years of age.
- Must be used under medical supervision.

Directions for Use

- Shake well before use.
- Usage to be determined by a healthcare professional.
- **Recommended dosage:** 3 x 30ml Calogen per day e.g. decanted during medication rounds, unless otherwise specified by a healthcare professional.

Ordering Information

To order contact Nutricia Customer Experience **1800 889 480**.

Calogen	Presentation	Product code	Units per carton
Strawberry	200ml bottle	97136	24
Neutral	200ml bottle	97134	24
Neutral	500ml bottle	41243	12

Storage

- Store in a cool, dry place.
- Not suitable for freezing.
- Once opened, close the bottle and store in a refrigerator for a maximum of 14 days.
- Discard unused contents after 14 days.

Ingredients*

Calogen Neutral: Vegetable oils (rapeseed oil, sunflower oil), demineralised water, emulsifier (citric acid esters of mono and diglycerides of fatty acids).

Allergen & Cultural Information

- Halal certified.
- Nutricia UK and/or Ireland have Kosher approval for this product, except for those flavours which contain carminic acid.
- No gluten containing ingredients. No detectable gluten when tested to a sensitivity level of less than 5 parts per million (<5 ppm i.e. <5mg/kg).
- Low lactose (lactose <2g/100g).
