

NUTRISON LOW SODIUM

A nutritionally complete, low sodium, ready-to-use enteral tube feed.

FEATURES

- **Suitable as a sole source of nutrition[^] in patients with specific sodium requirements**
- **Low in sodium (25mg/100kcal):** in line with maximum daily intake on a low sodium diet (<2300mg per day).¹
- **No Added Fibre:** for patients requiring residue-restricted diets.
- **Enriched with carotenoids:** in line with general health recommendations for their antioxidant properties and positive effect on immune function.²
- **1000ml OpTri bottle:** suitable for closed system or open system feeding.

Indications

For the dietary management of:

- Disease related malnutrition.
- Conditions requiring a sodium restricted diet e.g. hypernatremia, congestive heart failure, oedema, hypertension.

Important Notice

- Not for parenteral use.
- Not suitable for patients with galactosaemia.
- Not suitable for patients with cow's milk protein allergy.
- Not suitable for patients with contraindications for sodium restriction e.g. uncomplicated renal disease, normal pregnancy, ileostomised patients and severe hypothyroidism.
- Not suitable for infants under 1 year of age.
- Use with caution in children aged 1-6 years of age.
- Must be used under medical supervision.
- Coagulation in the digestive tract, e.g. due to drug interaction, may occur. Careful monitoring is required.

Directions for Use

- Check appearance before use and shake well.
- Do not dilute or add medications to the formula.
- Use at room temperature.
- Handle aseptically to ensure product remains sterile.
- Usage to be determined by a healthcare professional.

Storage

- Store in a cool, dry place.
- Once opened, close the bottle and store in a refrigerator.
- Discard unused contents after 24 hours.
