

NUTRISON PROTEIN PLUS

A nutritionally complete, high protein, fibre free, ready-to-use enteral tube feed.

FEATURES

- Suitable as a sole source of nutrition[^]
- 1.25kcal/ml: to prevent overfeeding calories.
- 63g protein (20%E) per 1000ml: for people with increased protein requirements e.g. due to metabolic stress.¹
- Whey-dominant P4 protein blend: in line with international recommendations on protein quality/ amino acid profile and for gastro-intestinal tolerance benefits.²⁻⁸
- **Fish oils:** to provide Docosahexaenoic acid (DHA) and Eicosapentaenoic acid (EPA).
- Medium chain triglycerides (MCT): for easier fat digestion and absorption.⁹⁻¹⁰
- Enriched with carotenoids: in line with general health recommendations for their antioxidant properties and positive effect on immune function.¹¹
- 1000ml OpTri bottle: suitable for closed system or open system feeding via ISO compliant flip-top screw cap.

Indications

For use in the dietary management of:

- Disease-related malnutrition with moderate metabolic stress.
- Conditions with increased protein requirements e.g. post-surgery, infections, cancer, trauma.

Important Notice

- Not for parenteral use.
- Not suitable for patients with galactosaemia.
- Not suitable for patients with cow's milk protein allergy.
- Not suitable for infants under 1 year of age.
- Use with caution in children aged 1-6 years of age.
- Use with caution in individuals with a seafood allergy.
- Must be used under medical supervision.

Directions for Use

- Use at room temperature.
- Check appearance before use and shake well.
- Handle aseptically to ensure product remains sterile.
- Usage to be determined by a healthcare professional.
- Do not dilute or add medications to the formula.

Storage

- Store in a cool, dry place.
- Once opened, close the bottle and store in a refrigerator.
- Discard unused content after 24 hours.

Ordering Information

To order contact Nutricia Customer Experience 1800 889 480.

Nutrison Protein Plus	Product code	Units per carton
1000ml OpTri Bottle	132385	8

Ingredients

Nutrison Protein Plus: Water, maltodextrin, vegetable oils (sunflower oil, rapeseed oil, MCT oil (coconut oil, palm kernel oil)), whey protein (from cow's milk), cow's milk protein caseinate, pea protein, soy protein, potassium citrate, fish oil, emulsifier (soy lecithin), magnesium hydrogen phosphate, calcium carbonate, potassium hydroxide, carotenoids (contains soy) (b-carotene, lutein, lycopene oleoresin from tomatoes), sodium chloride, choline chloride, sodium citrate, tri calcium phosphate, potassium chloride, sodium L-ascorbate, magnesium carbonate, ferrous lactate, zinc sulphate, nicotinamide, retinyl acetate, DL-α-tocopheryl acetate, copper gluconate, manganese sulphate, sodium selenite, calcium D-pantothenate, cholecalciferol, chromium chloride, thiamin hydrochloride, D-biotin, pteroylmonoglutamic acid, pyridoxine hydrochloride, riboflavin, potassium iodide, sodium fluoride, sodium molybdate, phytomenadione, cyanocobalamin.

Allergen & Cultural Information

- Contains: milk, soy and fish.
- · Halal certified.
- Nutricia UK and/or Ireland have Kosher approval for this product.

• No gluten containing ingredients. No detectable gluten when tested to a sensitivity level of less than 5 parts per million (<5 ppm i.e. <5mg/kg)

Control (lactose (2g/100g).

Control (actose (2g/100g)).
