

POLY-JOULE

A powdered, non-sweet, unflavoured carbohydrate supplement based on maltodextrin.

FEATURES

- **Energy source from carbohydrate** (provides 19Kcal per 5g scoop).
- **Made from maltodextrin:** easily digestible source of carbohydrate.
- **Low osmolarity:** to prevent osmotic diarrhoea.
- **Enhanced solubility:** readily dissolves and allows for higher energy density in solution.
- **Less sweet than other sugars such as sucrose:** more product can be added without making the food/drink too sweet.
- **Neutral taste:** can be mixed into food and drink without significantly altering flavour or texture.

Indications

For the dietary management of:

- Disease-related malnutrition.
- Patients with high energy requirements.
- Patients requiring a fat and/or mineral restriction.

Important Notice

- Not suitable as a sole source of nutrition.
- Not for parenteral use.
- Must be used under medical supervision.

Directions for Use

- Wash hands, use clean utensils and ensure top of packaging is clean.
- Mix the required amount of powder with sufficient cool liquid to form a smooth paste. Stir into the food/drink.
- Prepare the food per serving and use within 2 hr. Always discard unfinished feeds.

Storage

- Store in a cool, dry place.
- Once opened, use contents within one month
- Replace lid firmly after use.
- Do not refrigerate.
