

APTAGROW 6+ YEARS

AptaGrow 6+ Years by Aptamil® is an age-adapted, nutrient-dense powdered milk drink specifically formulated to address potential nutritional deficiencies commonly seen in fussy eaters and support growth, development and the immune system of children aged 6 to 10 years.

FEATURES

- **Age-adapted nutrition for children aged 6 to 10 years old:** in line with the Nutrient Reference Values for ANZ¹. AptaGrow 1+ Years and AptaGrow 3+ Years also available.
- **No added sugars:** to encourage healthy eating behaviours and taste preferences and in line with the Australian Dietary Guidelines².
- **One serve a day:** designed to not spoil appetite.
- **18 essential vitamins & minerals with 1/3 of the recommended dietary intake¹ of key nutrients* in one serve:** to support the immune system, growth and development.
- **Low energy density (0.7cal/mL) & age-adapted protein level:** to minimise excess calorie intake and not spoil appetite³.
- **No artificial flavours, colours or preservatives:** unflavoured allows consumption as a milk drink or can be mixed into food and drink without significantly altering flavour or texture.
- **Patented synbiotic blend:** contains prebiotics (scGOS and lcFOS) and probiotics (Bifidobacterium breve M16-V).

Indication

Specially formulated for children aged 6 to 10 years old who cannot meet their nutritional requirements due to a medical condition.

Important Notice

- Not suitable as a sole source of nutrition**, designed to be consumed in conjunction with a healthy varied diet.
- Not for parenteral use.
- Not suitable for patients with galactosaemia.
- Not suitable for patients with cow's milk protein, fish or soy allergy.
- Not suitable for infants and children under 1 year of age.

Ingredients

AptaGrow 6+ Years: Milk solids, short-chain galacto-oligosaccharides (**milk**), long chain fructo-oligosaccharides, dried omega LCPUFAs[^] (**fish oil**), sodium caseinate (**milk**), antioxidant (sodium ascorbate, natural tocopherols, ascorbyl palmitate, di-alpha tocopherol), whey protein (**milk**), emulsifier (**soy lecithin**), Bifidobacterium breve M16-V. **Minerals:** calcium, phosphorus, magnesium, iron, zinc, iodine. **Vitamins:** vitamins (A, B₁, B₂, B₃, B₆, C, D₃, E), folic acid.

Allergen & Cultural Information

- Contains: cow's milk protein, fish, soy.
- Does not contain: wheat, egg, peanuts, tree nuts, lupins.
- No gluten containing ingredients.
- Contains lactose.
- Halal certified.

*Iron, Zinc and Vitamin D.

[†] 1 scoop = 4.5g of AptaGrow powder. 1 scoop of powder per each 25mL of water is recommended.

Or as per treating healthcare professional.

** In accordance with Australia New Zealand Food Standards Code - Standard 2.9.5.

Feeding Guide (to prepare 1 serve)

Age	Safe Drinking Water	Level Scoops of Powder [†]	Serve Size	Serves per day [#]
6 - 8 years	175mL	7	200mL	1
8 - 10 years	200mL	8	230mL	1

Preparation Instructions

1. Wash hands before preparing drink.
2. Wash and rinse cup or shaker, and all utensils, thoroughly.
3. Using the scoop enclosed, fill the scoop lightly and level off using the built-in leveler. Only use the scoop provided in the container to ensure serving consistency.
4. Add the required number of scoops of AptaGrow powder to the required amount of lukewarm, safe drinking water. Refer to above feeding guide re scoop and water amounts.
5. Whisk, stir or shake briskly to dissolve the powder.
6. Serve immediately, or for a cold drink, store in the fridge for 1 hour or until chilled. Stir before use.
7. Discard unfinished drink.

Prepare as directed, or can be added to food or drinks. It is safest to consume AptaGrow immediately after it has been prepared.

Storage

- Store in a cool, dry place.
- After opening, keep container airtight and use contents within 6 weeks.
- Replace lid firmly after use.
- Discard unused contents after 6 weeks.
- Use by the date on the container bottom.
