

# LIQUIGEN

## DESCRIPTION

Liquigen is an unflavoured, nutritionally incomplete emulsion consisting of approximately 50% MCT oil and 50% water.

## INDICATIONS

For the dietary management of conditions where fat absorption or metabolism of LCT fat is impaired and a high MCT intake is indicated.

Liquigen can be used as part of the MCT ketogenic diet.

Can be used to fortify a wide variety of drinks and foods

and is also useful as an energy enhancer in tube and sip feeds.

Suitable for infants, children and adults.

## PREPARATION AND ADMINISTRATION

Can be used straight from the bottle or as a milk substitute and can easily be flavoured, e.g. milkshake syrups.

May require dilution for children under five years of age.

Shake well before use.

## ADMINISTRATION GUIDELINES

The dosage should be determined by a clinician or dietitian only and is dependent on the age, body weight and medical condition of the patient.

## GENERAL PRECAUTIONS

Use under medical supervision.

Not for parenteral use.

Not suitable for use as a sole source of nutrition.

## STORAGE

Store in a dry place away from direct sunlight between 4C – 25C. Once opened, store in a refrigerator and use within 14 days. Always replace the lid after use.

## PACK SIZE

250ml bottle.

## INGREDIENTS

Refined Vegetable Oil (Medium Chain Triglycerides (Palm Kernel and/or Coconut Oil), Water, Emulsifiers (E472c, E471), Citric Acid.

A food for special medical purposes; must be used under strict medical supervision.
